

MASSEYHACKS VIII TRANSPARENCY REPORT 2021-2022

OVERVIEW

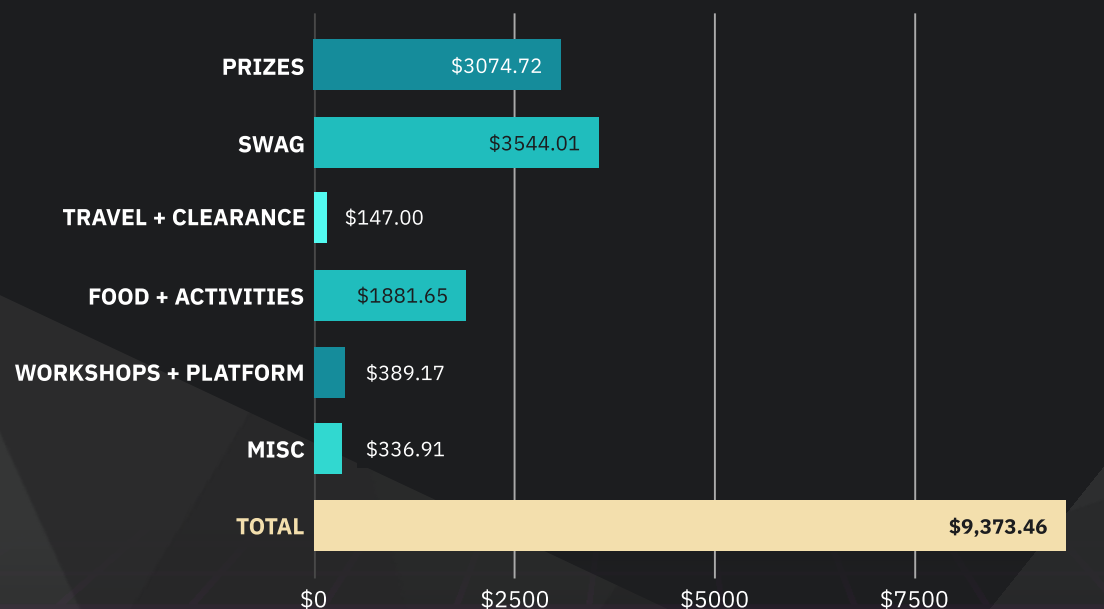

MasseyHacks VIII, Canada's oldest and largest MLH-certified high school hackathon, was held from May 14th to May 15th, 2022, for 24 hours.

MasseyHacks VIII was also preceded by MasseyHacks: JumpStart, a five-week series of challenges, activities, and workshops hosted virtually from April 9th to May 11th, 2022.

In total, over 180 participants from the Windsor-Essex region and around the world came together to create 60+ projects.

BUDGET

Both MasseyHacks VIII and MasseyHacks: JumpStart were free to attend. Thanks to our generous sponsors, we raised **\$10,095.00** and spent **\$9,373.46**. All remaining funds will be used for future MasseyHacks events and/or furthering computer science at Vincent Massey Secondary School.

WORKSHOPS + MENTORS

There were **6** in-person mentors and **1** virtual mentor at the event to help hackers with any issues they had with their projects.

We hosted **14** JumpStart workshops and **5** MasseyHacks workshops to help participants learn new technologies and develop their skills.
